

REMARKS

Claims 1-14 are pending in the application.

Claim 6 was object to.

Claims 1-14 were provisionally rejected.

Claim 6 has been amended.

Reconsideration of Claims 1-14, as amended, is respectfully requested.

In Section 1 of the December 11, 2003 Office Action, the Examiner asserted that the present application did not contain a required reference necessary to claim priority under 35 U.S.C. §120 to a previously filed U.S. patent application. The present application has been amended to correct this oversight.

In Section 2 of the December 11, 2003 Office Action, the Examiner noted that the IDS filed on January 2, 2003 could not be found in the file and requested that the Applicant provide an additional copy of the IDS. The Applicant is submitting herewith an additional copy of the January 2, 2003 IDS.

In Section 3 of the December 11, 2003 Office Action, the Examiner objected to the specification for failing to make reference to the prior application. The Applicant notes that the specification was amended above to include a reference to the previously filed patent application.

In Section 4 of the December 11, 2003 Office Action, the Examiner objected to Claim 6 because it failed to reference the parent claim. The Applicant has amended Claim 6 to include the number of the independent claim upon which Claim 6 depends.
